2023中国包装容器展的买家观众与其它同类展会有所差别。在三天展期内，家联科技的展位吸引了来自医疗、日化、宠物、电器、农业、纺织及服装行业的采购商，咨询生物降解袋(包装袋)、降解膜、降解类外包装(PLA吹瓶)等环保包装解决方案，其中有稳健医疗、三枪集团、绿海农业、苏泊尔等品牌方以及7-Eleven、西贝莜面村等商超餐饮企业。通过此次展会所接触的客户资源为我们对生物降解制品的研发提供了新思路和新方向。

The trade buyers that we met at China Packaging Container Expo (PACKCON) 2023 were quite different from those at other packaging exhibitions. During the 3-day PACKCON show, Homelink's booth attracted purchasers from the healthcare, beauty and personal care, pet, home appliance, agriculture, and textile industries. They all came to enquire about our sustainable packaging solutions incl. bio-degradable bags, degradable films, and PLA blowing bottles. The purchasers included Winner Medical, threegun, Lvhai Agriculture, SUPOR, and other brand owners, as well as retail shops and restaurants such as 7-Eleven and Xibei Youmian Village. The sales leads that the show brought to us have provided us with new ideas about manufacturing degradable packaging products.
